

DEBRA K. DAVENPORT, CPA
AUDITOR GENERAL

STATE OF ARIZONA
OFFICE OF THE
AUDITOR GENERAL

WILLIAM THOMSON
DEPUTY AUDITOR GENERAL

June 30, 2006

The Honorable Laura Knaperek, Chair
Joint Legislative Audit Committee

The Honorable Robert Blendu, Vice Chair
Joint Legislative Audit Committee

Dear Representative Knaperek and Senator Blendu:

Our Office has recently completed a 24-month followup of the Department of Economic Security—Welfare Programs regarding the implementation status of the 17 audit recommendations (including sub-parts of the recommendations) presented in the performance audit report released in April 2004 (Auditor General Report No. 04-02). As the attached grid indicates:

- 9 have been implemented, and
- 8 are in the process of being implemented.

Unless otherwise directed by the Joint Legislative Audit Committee, our Office will continue to follow up at 30 months with the Department of Economic Security on the status of the recommendations that the agency is in the process of implementing. Most of these recommendations are related to ensuring data security and accuracy once the Jobs program is privatized. The Department's Request for Proposals for Jobs privatization contains appropriate provisions to protect data, but until it enters into a contract, it cannot show it has fully implemented these recommendations.

Sincerely,

Debbie Davenport
Auditor General

FINDING 1: Department should ensure proper oversight of Privatized Jobs Program

Recommendation	Status of Implementing Recommendation	Explanation for Recommendations That Have Not Been Implemented
1. The Department should include performance measurements such as the federal work participation rate and job retention in the new RFP. The Department should also assess liquidated damages for vendor deficiencies as determined by the Department.	Implemented at 18 Months	
2. The Department should ensure that staff who will perform contract management functions receive training targeted toward contract compliance, performance, and fiscal monitoring. The Department should identify resources that could prove helpful in designing and teaching these classes, and develop its curriculum.	Implemented at 18 Months	
3. The Department should develop a training plan so that contractors and their employees are aware of necessary policies concerning case documentation, JAS input, and other matters. The Department should monitor that such training takes place.	Implemented at 12 Months

FINDING 2: Department can more effectively manage its food stamp eligibility determination process

Recommendation	Status of Implementing Recommendation	Explanation for Recommendations That Have Not Been Implemented
1. The Division should continue its efforts to ensure that supervisors review the required number of case files by monitoring the monthly case review reports, identifying local offices that are unable to meet the monthly quotas, and taking steps to improve these offices' performance. In addition, the Division should identify local offices that have established effective procedures for conducting consistent case file reviews and share these procedures with all offices.	Implemented at 18 Months	
2. The Division should continue its efforts to improve its process for communicating policy changes to local office staff. Specifically, the Division should continue its efforts to update its policies and procedures. It should also continue its efforts to identify local offices that have developed effective processes for communicating policy changes to their staff and should share these processes with all offices.	Implemented at 6 Months

FINDING 3: Department should improve management of its benefit overpayment referrals process

Recommendation	Status of Implementing Recommendation	Explanation for Recommendations That Have Not Been Implemented
1. The Division should continue to assess its staffing and, as resources permit, it should continue to assign extra staff to help address the overpayment backlog.	Implemented at 6 Months	
2. To standardize its process for managing overpayment referrals, the Division should continue its efforts to implement an automated system for tracking and reporting overpayment referrals and claims, including the reasons referrals are not pursued.	Implemented at 6 Months	
3. To help the Department collect more overpayments by limiting the number of overpayment referrals that are dropped due to inaccessible case files, the Division should continue its efforts to implement an electronic document-scanning system.	Implementation in Process
